Shaistha Shaik

UX/UI & Design Systems Designer · Enterprise, AI & SaaS Products

Abu Dhabi, UAE | +971 58 166 9930 | shaistha6@gmail.com | linkedin.com/in/shaistha-shaik

PROFILE

UX/UI designer with 7+ years in design, including 4+ years in UX and design systems for AI-driven ERP, CRM and SaaS products. I take work from problem framing and user flows through to tokens, components and production code, working closely with developers. I simplify complex business workflows into clear interfaces and build systems that make teams faster.

EXPERIENCE

UX & Design Systems Designer — Intrakore (Construction ERP)

Contract · Remote · Apr 2026 – Present

- Leading the design system rebuild and rebrand of a fitout/construction ERP (Frappe V16), from Figma to production code.
- Built a 3-tier token architecture (primitive → semantic → utility) mirroring Figma variables: 114 semantic tokens, 600+ CSS variables.
- Rebranded 25 Vue components across 20+ apps and three modules: Project Management, Finance and Procurement.
- Built the Intrakore UI documentation site to govern component usage for the engineering team.

UX/UI Designer — Techford AI

Full-time · UAE · Jun 2022 – Apr 2026

- Owned UX and the design system for an AI-focused ERPNext and CRM company, from product UI to the company website.
- Built a unified design system and governance standards that **cut design time by 50%**.
- Designed Tasheel Post end to end: mobile-first parcel delivery apps for senders/organisations and drivers (parcel creation, tracking, billing, driver flows).
- Created the brand identity, contributing to a **35% increase in brand awareness**.

Graphic Designer — Fazvee Digital

Full-time · Feb 2019 – May 2022

- Delivered brand and digital design for a marketing agency and its clients.
- Designed menus, posters and social campaigns for a restaurant client, contributing to a **30% increase in sales**.

SELECTED WORK

- **Intrakore ERP Design System** — tokens, Vue components, docs site (on request), live in production
- **Tasheel Post** — parcel delivery sender and driver apps
- **Live websites designed and built** — researchon.ai, silverpeak-ca.com, gasis.ae

SKILLS
